fun

## Snow

I like snow because I often shovel walks for money. One day I earned three dollars and fifty cents. I bought two models with it. They were good ones too! One was a dragster. One was a pick-up.

## Models

In order to build a model car you have to have; paper, glue, and a car. They're easy and fun. This is my hobby.

I like the Clowns best. They make me laugh. I also like the lion act. Once I saw a lion jump through a hoop of fire. There are birds, elephants, etc.

My Friend

My friend is Randy  
Ashenbrenner. He trades model

glad I know him.
