TO PARENTS:

This report has been prepared for the purpose of telling you the kind of progress your child has been making. It is our hope that you will examine it carefully. Feel free to arrange for a conference with the teacher and/or the principal to discuss any questions you may have about it.

We believe that if everyone concerned with the development of your child thoroughly understands the potential and the progress of the pupil, much better results will be achieved by both the school and the home in this important matter.
