

May God, who shows His goodness
every day and everywhere...

Aug. 2, 2007

...strengthen you and bless you
and keep you in His care.

I love you both and want you to know that I will be with you during the surgery and during the time of recovery, not in person but in mind and spirit. Stay strong and have faith in the Lord, for he holds all of us in the palm of his hand. You'll get through this, I know you will.

Love always,
Nathan
