September 2021

Ninety years of living—  
now that really says a lot  
about the way you look at life  
and give it all you've got!

It says you're strong in spirit  
and you know a thing or two  
from ninety lively, well-lived years  
of simply being you!

Card says it all! We  
love you mom. Happy 90
